

ADELPHI

The Adelphi Side table is simplistic and striking.

The glass tabletop and leg frames are available in a range of Swanky Design colours and effects.

Glass Tabletop - The leg frame is UV bonded to the glass top. The UV bond has been laboratory tested and meets a very high standard of 450kg shear pressure per leg. Glass tabletop corners are rounded for safety.

Materials used are environmentally friendly. The table has been designed so it is simple to assemble. Each table is stamped with the Swanky Design Logo. Made In England.

All glass is Toughened Safety Glass and conforms to British Standards BS 6206 which is recognised worldwide.
